

Special Wishes, Brother

Our worlds keep changing,
and the stories of our lives
keep unfolding
in new directions —
but our lives
are forever connected...

...and no matter where
our journeys lead,
I'll always feel
close to you —
because you're
so important to me,
and because
you're a wonderful brother.

Happy Birthday
and Happiness Always

Wishing you a Safe & Joyful
Birthday + hope we can
connect after the Virus scare
is over to celebrate!
Love, B
