

The image features a dark grey background adorned with several heart shapes. The hearts are cut out from two different materials: a light cream-colored material and a brown material with a wood-grain texture. Each heart is decorated with thin, gold-colored lines forming various geometric patterns, including parallel lines, grids, and diagonal stripes. Two horizontal red lines cross the upper portion of the image. The central heart is the largest and contains the text.

**YOU'RE SO
STRONG
IN SO MANY WAYS**

You're strong enough to
lift me up when I've had a bad day
and to encourage me to chase my dreams
as we build our life together.

You're strong enough to hold
our family together in a million little ways
and to guide us in the right direction
whenever we need it.

I LOVE YOU,
and I love how many wonderful ways
your strength makes us a better "us."
