***Who and what you choose to worship  
will determine everything.***

It will determine the joy and misery in your life;  
it will determine what animates the moments of each day;  
it will determine the worth of your life  
in a very final and absolute way.

***Christmas is an invitation ...***

... to rearrange our priorities.  
... to reflect upon who and what we are worshipping.  
... to place Him at the center of everything we do each day.
