

FROM  
*The Brotherstons*

*Merry*

*Christmas*

We owe immense gratitude to our ability to compose this letter in good health.

Jeff was able to sell his 11-year-old company and now works as a Sales Engineer Architect for Conference Technologies, Inc.

Annabella finishes 12th grade in the spring and is preparing for her new amazing adventure in college studying trumpet performance and computer science.

Maria is working as an orchestra and band teacher.

Our two doggies Chiqui (3) and Lucky (8) are a joy to be with.

We made it this year and we really hope to see you in person very soon.

HAPPY  
*New Year*

From Maria, Annabella and Jeff
