

# MERRY CHRISTMAS

WITH LOVE,  
Braden, Ashleigh, Braleigh and Charleigh Johnson  
2020

2020 has been a different kind of year. We are thinking of you during this pandemic, as some have been faced with the unimaginable. Our hope is that you have found peace in the midst of uncertainty and strength even in the most trying of times.

Just before Christmas 2019, Braden found out that FCA was going to be moving us from our home in Prior Lake Minnesota to Lubbock Texas. We officially made the move to Lubbock in March just before all of the COVID lockdowns went into effect. Fortunately, Braden has been able to work remotely from home most of the year, allowing for much more family time together and allowing us to get fully moved in.

Ashleigh has greatly enjoyed being able to be with the girls full time and witness all of the milestones that Braleigh and Charleigh have achieved.

Braleigh, who turned five in May started Kindergarten this year and Ashleigh has enjoyed homeschooling her. It has been great to watch her growth and be able to work on activities and different projects together. Braleigh started a dance class in the fall, which she very much looks forward to attending every week. We have been working with her on pre reading blends as she is determined to read on her own. She enjoys nightly story time and bedtime prayers.

Charleigh turned a year old in August and is doing all she can to keep up with her big sister. Her favorite words are 'yellow', 'wow', 'momma', 'dadda', 'ananna' (bannana) and 'oh no'. Charleigh enjoys music and sometimes likes to sing 'la la la la' over and over.

April 2021, we will welcome another little girl to our family! This has been a year we will remember for many reasons. We count our blessings, especially in such times as these.

We pray that as this year comes to a close, you know that despite the challenges you may have faced or will face, you have purpose and are valued. You were created for greatness.

May God bless you and your loved ones. Have a Merry Christmas!
