I would have never thought in a million years that something like this would have happened to me. growing up in Tijuana coming here when I was 11 years old not knowing any English living with a family I didn't know. I knew them by name, I saw my mom and brothers hardly ever. That wasn't my family, my family was back in Tijuana. I guess God had a plan for me. As he said in Jeremiah 29:11 "for I know the plans I have for you, plans to prosper you and not to harm you, plans to give you hope and a future". I have always known there is a God out there watching over me. I know that if I trust in him he will provide me with all that I need. Even at the roughest time of my life, I knew he was taking care of me.

My husband tells me that I help out a lot of people. That I am too generous with others and that I never get rewarded back. I think God was keeping track and that is why he put me in your path. You have given me a huge gift a gift that I still can't believe. I am full of excitement and also scared at the same time. What if I fall and I don't know how to get up? But I hope I have more ups than downs. I hope I get to learn new things. Meet new people. Grow my knowledge of the business and also, have a better relationship with the people here. I hope that in 5 years I can tell you all that I have accomplished. But let's get through the 1st year and see how that goes.

Bob Thank you very much. Thank you for this opportunity. I am truly grateful for this. may you have a merry Christmas filled with happiness and lots of love.

Thank You,

Jo
