

In March of this year dad passed away, LaGrande Hale Merritt. He lead a full and active 86 years of life until his stroke 2 days before he passed.

I love you dad.

After a year of lockdown we got vaccinated and spent 2021 traveling from coast to coast. Above are pictures from our Viper group trip to the Florida Keys. Across are from our Northwest trip to the San Juan Islands.

Dani continues to visit Family History centers around the world, and Erik is continuing to share his love of sparkly bobbles with those in need.
