CHRISTMAS

Merry

BE YOUR CHRISTMAS

Peaceful

BE YOUR HOME

Joyful

BE YOUR FAMILY

Blessed

BE EACH ONE

The Holidays are here again which is hard to believe when we are setting record high temps of 71 up to 76 degrees...!! 2021 has been filled with visits from new and long time friends, and grandchildren activities through the all seasons.

We spent 3 weeks in Arizona this year which was one of our out of state trips.

Next, we went to Yakima, WA for Dick's 55th class reunion, exercising our Viper, stopping in Idaho for extended family visits. Our time was spent well at home increasing more grassy area "more mowing", getting our road down to our house concreted and on around on the lake side. It was a wild crazy hot summer with friends and our family bringing their friends, coming and going sometimes all week long. It is a lot of work but we treasure the time we have with all.

Dick is our HOA president so has kept busy with making sure all is well within the group. He and I got out our bikes and rode for the month of June until the temps got to hot. He then took to the water as he got a new lake toy called the "Flite Board" so spent many hours "not" mastering it. Google it and you will enjoy the videos, looks much easier than portrayed. Dick swims at the YMCA 3 days a week along with lifting weights. He spends time taking care of our property, mowing, trimming, and weeding.

Claudia is still "spinning" and lifting weights at the "Y" 3 days a week. This past year I have played bridge, watched the 2 little granddaughters from time to time, co-taught a Women's Bible study and put on a Women's spiritual simulcast. I am now planning my 50th class reunion for next year with the help of a few former classmates.

Patrick & JennaRae's business "Qdoba" has continued to increase despite declining employees which has kept them busy. Austin runs X-Country, was inducted into Honor Society and is on a "We the People" competition team hoping to make it to Nationals in D.C. Mallorie is on a U-19 girls hockey team and has been taking tennis lessons this past year so she can play at the high school level along with soccer. Landon loves hockey and is on a local team and a Wyoming team that travels all over. He also joined choir which made grandma happy!

Derek & Hannah are busy with Amelia Grace 1-1/2 and Ellie Kate 3-1/2. Hannah is an Internal Medicine Dr. along with working as a hospitalist every 5 weeks. Derek is busy building a large Tunnel car wash along with an in-bay high pressure automatic and some self-service bays in Billings, MT. He also added a high pressure automatic bay in Gillette, Wy. They were able to hunt, fish and go mountain camping when possible. **Wishing everyone a warm & cozy Christmas and a New Year filled with wonderful adventures.**

Thanks be unto God for his unspeakable Gift 2nd Corinthians 9:15

*I bet those grand kids are growing up too fast...?
Bob, thanks for keeping us in touch with the Viper club activities,
maybe we'll make it next year... Dick & Claudia*
