Bland & Billee
Christmas 2022

Seems time just continues to fly by at warp speeds and it was just yesterday we celebrated Christmas. This year has been filled with joy starting with the good news in March that Bland has responded very well to treatments for the reoccurrence of his Non-Hodgkin's Lymphoma. It was 22 years ago he was first diagnosed and we have been blessed with the initial pioneering treatments using the newly developed monoclonal antibody treatment "Rituxan", which was same treatment taken in 2021. This pioneering treatment has been a game changer for sure and we are also blessed that we've had two close friends of similar diagnoses recently, who have also responded very well to this treatment with caveats. Now to live life to the fullest and that's what we've been trying to do as we took our grandsons to Disneyland, Anaheim in April (Benny is now a roller coaster junkie & Sammy an arcade junkie), ridden our Harley's (not enough), watching our grandsons excel at their sports activities and more recently spending time at our Wyoming Cabin. We are looking forward to our days spending Christmas at our Cabin☺

May you have a very Merry Christmas and a Happy New Year!
