

MERRY

CHRISTMAS

♥
The Wieders Family

Merry Christmas 2021

From the Wieders

Another year is coming to an end - and oh, so quickly!!! Here's a family update.

Wieders: Doug has a new job that takes him to California a few days a month. Kristen continues to manage a portfolio of commercial properties for a small Real Estate company. Sam (18) ran cross country, swims on the swim team and has participated in speech and debate. He has been sending lots of College applications! Jonny (14) played youth baseball for 6 years and played on his high school team this year. He played in an all-star team in CA last summer. Nick (12) is in middle school and plays baseball (played on an all-star team this summer), basketball and is enjoying his drama class.

Andersons : Mark has recently started a new position as the business development director for ABM electrical power services here in Denver. He's also is the president of their HOA which keeps him busy. Stacy continues her work as a pediatric nurse practitioner on the palliative medicine team at Children's Hospital Colorado. She also continues to enjoy the outdoors and her Peloton. Max just turned 16 and is loving the freedom of driving! He is a sophomore this year. He plays lacrosse year round for his high school and club teams. He also played on the golf team and likes to golf whenever he can. He received his academic letter this fall and is part of FBLA at school. Myles is 13, an official teenager. Myles plays football, lacrosse and golf and is usually out on his bike somewhere with friends. He is on the honor role at his middle school and is excited for high school next year. The whole family likes to travel, hike, ski and raft together!

George and I have been well. We are enjoying our goldendoodle, Willie. We get lots of "steps" on our 2 walks with him each day. He has gotten much better and often makes us laugh! George continues to enjoy working on and driving his Model A Ford. He is also involved with the Knights of Columbus at our church. I still ski (just bought new skis - I'm only 78 years old), go to the gym a couple of days a week, am in two book clubs and continue to chase a little ball on the golf course (even got a "birdie" this week!). We both celebrated our 60th high school reunions this summer and we went on an amazing 3 week trip to Europe with Overseas Adventure Travel, "Crossroad of the Adriatic". We toured Croatia, Montenegro, Bosnia- Herzegovina and Slovenia. Beautiful and very educational!!

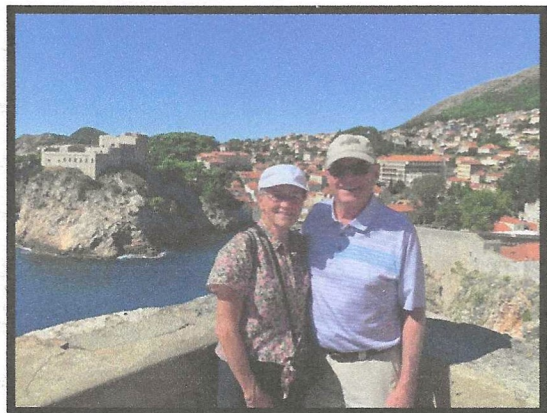

We wish you all health, happiness and many blessing in 2023!!!

Oops, the letter is from **2022** not 2021 (one should never copy and paste!)!!! Here are some photos from our amazing trip – Crossroads of the Adriatic. P p

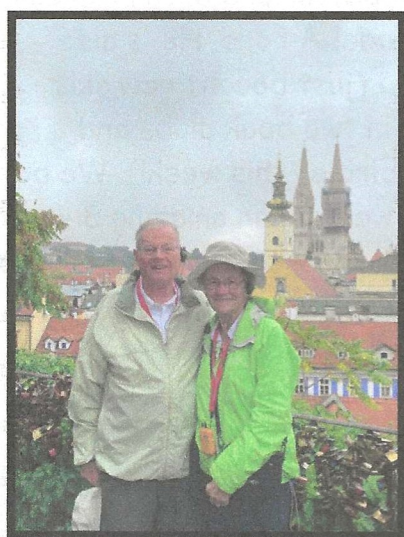

Dubrovnik, Croatia

Mostar - Bosnia and Herzegovina

Spent a very fun day and the night at this lovely farm in Karanac, Croatia

Zagreb, Croatia

Lake Bled, Slovenia
