

A festive Christmas card illustration. The background is a deep blue night sky filled with white stars of various sizes. At the top center is a large, bright, multi-pointed star with a circular glow. Two white, leafy branches curve upwards from the left and right sides towards the central star. In the lower center, a simple wooden manger with a thatched roof is shown. Inside, a baby lies in a blue manger, with a bright yellow light emanating from it. Two figures, likely Mary and Joseph, are depicted in white robes; one stands to the left holding a staff, and the other is on the right. The overall tone is peaceful and celebratory.

Joy
TO THE
World!

For unto us a
child is born...
