As most of you know we high-tailed it back to Colorado to be closer to our adorable granddaughter Raylin and to help Destinee and Andrew when needed. Destinee who has been tearing up the racing circuit this year, wrapped up her racing season as the regional TT6 champion, she also earned her personal best in Randy's race car, which is just a fancy way to say she's a speed demon. Randy is currently building Destinee a new car, which she was itching to swap out to something even faster. We can't wait for the next racing season and to celebrate our precious little Raylin's second birthday. Oh, and Merry Christmas and Happy New Year, by the way.
