

MERRY CHRISTMAS

the
Halls and Akers
2025

Mallorie going for the net, her team won State
Championship and Landon's team won WYO State
Championship, Austin running steeple for University of
Wyoming.

“Rejoice in the wonder of this Holy season, as we celebrate the King of Kings”

Dick and Claudia: We traveled to Denver, Chicago and Cleveland for Mallorie’s Wyoming Hockey team. We went to Landon’s and Mallorie’s state tournaments in which both their teams repeated as Champions of the state for the 2nd year. Dick had back surgery on May 28th, it went well and he’s back to normal..!! I did double duty doing his chores along with my hosting of several summer stays at our home and friend get togethers.

Grandchildren: **Austin**, 20yr is a senior at the University of Wyoming. He still has two years of eligibility running cross country and track. He took on running the Steeple this past April and loves it. **Mallorie**, 17yr is a High School senior. She has been busy with student council, played tennis this fall and is now on three different hockey teams. She is planning on attending the University of Wyoming, but that could always change... **Landon**, 15yr is a freshman, he played golf this summer and this fall with the High School and is now on the Sheridan High School Hockey team. He is patiently waiting for snow so he can ski! **Eleanor**, 7 yr is in 1st Grade. She water skied this past summer, played soccer, is a wonderful artist and is taking ice skating lessons. **Amelia**, 5yr is Pre-K, she too water skied, played soccer, loves creepy crawly things, and is also doing ice skating lessons. **Madison**, 2-3/4 yr is just a fun-loving little girl watching and mimicking her sisters. She is fun and very easy going. (Due to Ellie & Amelia’s late summer birthdays, they were red shirted)

Kids and Spouses: **JennaRae**, still loves running, does a lot of Qdoba catering, and spends time traveling for hockey. **Patrick**, goes fly fishing as much as he can and keeps Qdoba running well. **Derek and Hannah**, have their hands full with the girls and working. They bought a new home this past summer with nine acres to take care of. With Dick and I watching the girls, they love to go fly fishing in Oregon.

Wishing you a Blessed Christmas with the gift of Faith, Hope, and the Peace of His Love

Mr. and Mrs. Dick and Claudia Hall
