

We had an exciting year! We celebrated one year of homeownership together, got married, and honeymooned through Turkey and Greece. I ran my second-ever 50K, Tyler set NP01 track records everywhere he raced, and Lola (the cat) remained adorable as ever. Needless to say, we're feeling very grateful for this past year.

Wishing you a 2026 filled with laughter and adventure.

With love, Kim & Tyler
