

Happy
New
Year

on 17.
Just a New Year card
to wish you & your family
the best in 2016.

Praying that Nicole's
divorce goes through with
no hitches, & her new
beau turns out as well
as Tim's wife Andreyka.
(we got 3 more grand kids
from her.)

Joan, thanks for keeping
Nancy in shape so she can
care for her two patients.
To quote Tiny Tim; "God
bless us, everyone!"

Bob & Joan,

Warmest Greetings and
Best Wishes
for the New Year.

Love,

Mark
&
Nancy

Happy New Year to all in 2026!

God has been good to the Flanigans and we hope the same is true for you!

My third year of retirement brought some surprises. August showed up with a lymphoma diagnosis—thankfully, a very treatable form. I finish my sixth and FINAL chemo round at the end of January. Feeling much better already and fully expecting to dominate the tennis courts this Spring (or at least get the ball over the net).

Nancy thought she was retired from her Nursing Career, but she has been busy caring for me and her 96 year of Mom, Myra who is on Hospice.

Our three boys and their families are well. The Grandchild count is at eight, from Scarlett who is four, all the way up to Liam at age 17. They're scattered across sports, dance and school activities. It is a joy to see them growing up.

Wishing you joy, health, laughter and God's blessings in the year ahead. Cheers to 2026!
