

Mike was born in Alton, IL in 1951 and moved to Aurora, CO in 1955 to grow up with his parents, Jim & Jessie, and two brothers, Mark & Dennis.

From 1969 to 1973 he was proud to attend Colorado School of Mines studying Petroleum Engineering. During his time there he was an active member of the SAE fraternity and volunteered with the National Ski Patrol at Loveland Basin. It was in 1970 that he became a Christian while campaigning with the Campus Crusades.

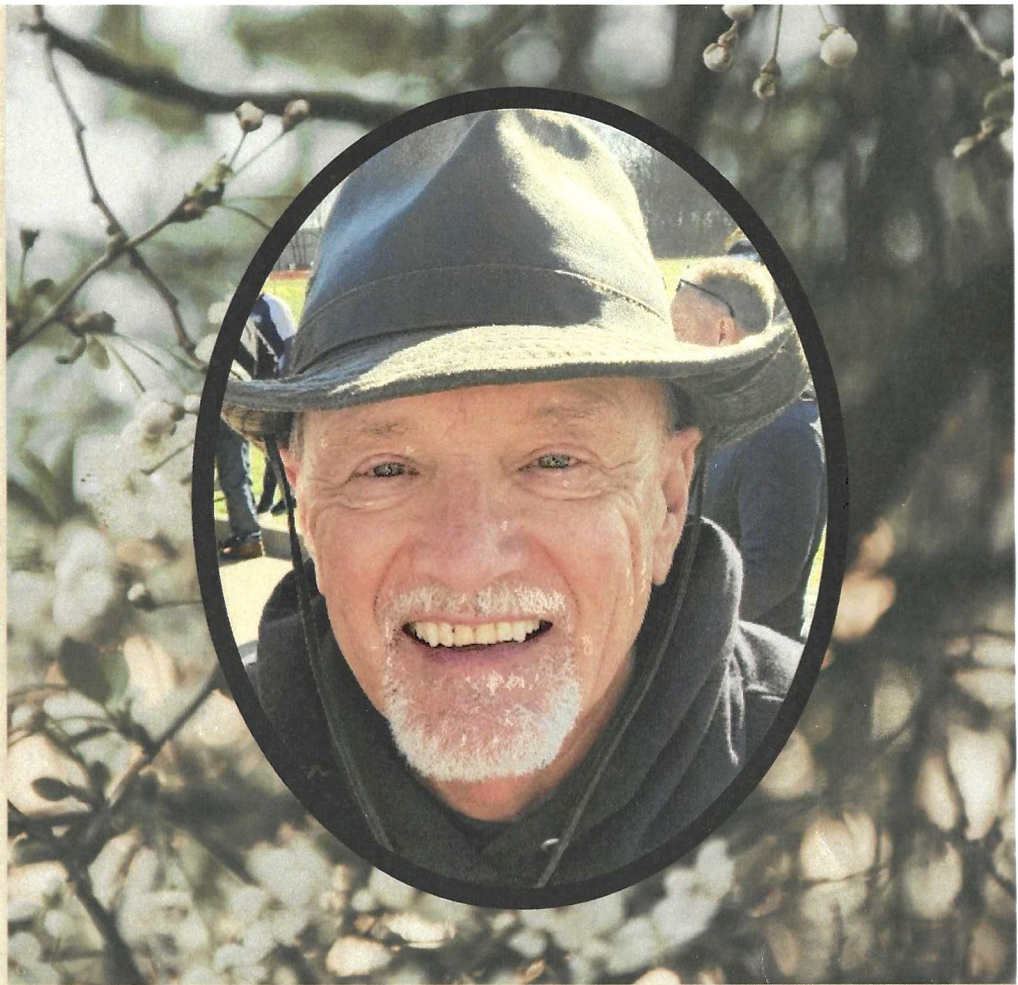

In 1973 he moved to California and began working for Aminoil but more noteworthy was meeting the love of his life, Martha, in 1974 during a blind and monetarily challenged date. His first child, Mick, was born in 1978 and he continued his intellectual pursuits in 1980, this time with an MBA from West Coast University.

It was when moving to CO in 1980 that his long and industrious career in oil & gas banking began. And then in 1981 he welcomed his first daughter, Morgan. In 1984 he moved his family to TX, where not only did his career thrive but it is also when his passions for biking and mountain climbing developed. During this time he was overjoyed to welcome his 3rd and 4th children, Micaela in 1993 & Matt in 1996.

It was in 2002 that the calling to move home brought the entire family back to CO, where he completed his career at US Bank, working for almost 20 years and retiring in 2020. That same year, Mike & Marty moved to Arvada, where he fully committed to building the perfect home for her!

Mike loved and excelled at his extracurricular activities, highlights including completing Copper Triangle, Tour of the Moon & Sierra to the Sea bike events, climbing all CO 14ers, and summiting Mt. Kilimanjaro. Traveling with Marty was also beloved to him, with some of his favorite destinations being Switzerland, Italy, Normandy and Panama.

Amidst of all his accomplishments, family and friends continued to be his primary and unwavering focus. His faith, authentic kindness, and dedication to his loved ones is a blessing to each of us and legacy that will live forever.
