

Happy Birthday to You
Joan!

Each year is a number-
but that's just the start!
Try counting the friendships
you hold in your heart.

Then count the good deeds
that you so often do.
(You might have to stop
at a million or two.)

Count things you've accomplished
and kind words you've said.

Count places you've been
and good books you have read.

Then count, if you can,
all the lives that you touch
With your everyday caring
that matters so much.

The difference you've made
will be perfectly clear-
And you'll know why your birthday
counts more every year.

Happy Birthday !

Love
one of your
many friends
Deb

Don't just count the
you will celebrate
the friends you

Joan,
Wishing you
the best birthday
So far - Thank you
for everything!
Love
Deb

*Don't just count the years
that you will celebrate today,
Count the friends you've made
and joys you've known along the way.*
