

*A birthday is the first day  
of another lovely year—  
A year of new tomorrows that are  
shining bright and clear...*

*A birthday is the first day  
of a year that's meant for you  
To fill with many hopes and dreams  
to last a lifetime through.*

*Wishing you all the best  
on your birthday  
and in the year ahead.*

*Fondly,  
Aime*
